**Entry Striking Status Report by Unions (Document # 93)and
Granting Motion to Strike (Document # 94)**

The Status Report filed by the Unions (Document #93) is **STRICKEN** and the Plaintiffs' request for that (Document #94) is **GRANTED**. The court requested status reports from United, not the Unions. Nothing reported by United in its reports is contended to be inaccurate or incomplete. Therefore, there is no need for the Unions' report. Besides, the Unions' report is argumentative, and the arguments being asserted are premature and not helpful. The Unions' filing may remain on the court's docket, but it will not be considered at this time, and if it is to be considered at all, the Plaintiffs' will be given notice of that and an opportunity to file a responsive brief.

ALL OF WHICH IS ORDERED this 27th day of October 2005.

John Daniel Tinder, Judge
